

Wooden docks have been built for centuries and survives today in our Classic Series Wooden Dock. Traditional construction techniques matched with extruded aluminum structural hardware creates a system that will blend with the beauty of your shoreline for years to come.

Our Micro Pro Sienna Treated Docks are hand crafted by experienced carpenters using quality Canadian materials at our factory in Muskoka. Every Classic Series Wood Dock utilizes very reliable foam filled plastic PermaFloat Dock floats. Our full range of float sizes allow us to choose the right float to fit your design.
